

# BRADEN HARRISON

bradenh@rogers.com

It's been over 3 years since I joined FLTC and began sprinting competitively, yet every day I continue to improve and adapt. I am working tirelessly with my coach Yvan Pelletier and my trainer Ken Morrison in the gym and on the track in effort to achieve my goals. The next few seasons provide me with numerous opportunities to compete on a larger stage and against some of the best athletes in the country. I am very much looking forward to competing for UNB at the CIS Championships in the winter and competing in Ottawa this summer for Nationals while also setting my sights on attending the Francophone Games with Team NB in the future. 💕
